NOT SATISFIED WITH THREE.

Mount Pleasant Citizens' Association Wants Seven Commissioners.

The annual election of officers of the Mount Pleasant Citizens' Association, took place at the regular monthly meeting, held at the Congregational Church, Mount Pleasant, last evening. The meeting was called to order by the president, Mr. J. W. Somerville.

Mr. A. B. Chaffield read the resolution offered on February 6th last in regard to the increase of the number of Commissioners of the District of Columbia from three to seven. It was decided to take no action upon this matter at present and the committee was discharged. This resolution will be presented at the next meeting and a special committee of three will be appointed to refer the matter to the several other citizens associations in the District, the Board of Trade and the Builders' Exchange.

Mr. E. W. Woodruff, of the sanitary committee, reported that Grant and Fifteenth streets were in miserable condition, and there was no available remedy until the sewerage was completed westward towards Rock Creek.

The committee on streets and sidewalks was then heard from. Mr. F. A. Campbell stated that the Commissioners had failed to take any action upon the paving of Fourteenth, Sixteenth, Seventeenth and Park streets, and that the sidewalks leading to and from Johnson School were badly in need of attention.

A report from the committee on charges showed that \$143 had been raised and \$4 had been paid out, leaving a balance of \$139, which was turned over to the treasurer. The next matter discussed was the new street extension plan, in which the Commissioners propose to cut off the present Seventeenth street extended so as to leave a square intervening between Piney Branch boulevard and the extreme northern part of Seventeenth street. This is greatly objected to by the property owners on Seventeenth street, for they claim it will cut off the direct connection with the proposed boulevard.

A special committee of five was appointed to consider the matter and report at the next house on Monday evening.

The following officers for the ensuing year were then elected: Mr. J. W. Somerville, president; Mr. T. A. Harding, vice president; Mr. T. M. Exley, secretary; and Mr. Ellis Spear, treasurer.

TWO ROASTINGS IN ONE DAY.

One of These Heavy Balderson Got on a Red Hot Range.

Heavy Balderson received a pair of "shooters" last night, at the residence of his brother-in-law, Louis Rodgers, on M street southwest, and both men were loaded in No. 4 police station by Patrolmen Roberts and Vermilion, as the result of a lively scrimmage. It appears that Balderson, who boards with his brother-in-law, Rodgers, went home last night intoxicated and monomaniac. He then complained about the quality and quantity of the supper set before him, it is said. This angered his sister, Mrs. Rodgers, and she gave him a talking to.

Balderson then became excited and sprang at his sister with a carving knife. The husband then took a band and knocked down the infuriated Balderson. In falling the latter landed on top of a red hot cooking stove and received his second roasting, which left a series of big blisters on his anatomy.

SNAP AND OTHER SHOTS.

Promising Outlook for the National Amateur Photographic Exhibition. Amateur photographers in all parts of the country are looking forward with a good deal of pleasurable anticipation to the national amateur photographic exhibition, which is to be held in the city, at the National Rifle Academy, July 1, 2 and 3, under the auspices of the National Camera Club. A Times reporter paid a visit yesterday to Mr. B. M. Cline, Jr., the secretary of the club, who has charge of the details of the exhibition.

"The greatest amount of interest," said he, "seems to have been aroused among amateur photographers in all parts of the country where the exhibition has been heard of. Inquiries are pouring in from all sections for particulars, and applications so far for space have exceeded our most sanguine expectations. Just now at this large bundle of addressed circulars ready for the mail. The addresses immediately visible are to Massachusetts, Ohio, Minnesota, Arkansas and Colorado. Many may give you some idea of the wide-spread interest in it being awakened. Many beautiful and valuable negatives have already been sent in by manufacturers, and the exhibition is bound to be one of the most successful and artistic that has ever been held in this country."

After reading some of the numerous enthusiastic letters from would-be exhibitors of various sections of the United States, the Times man was willing to concede all that the hustling secretary anticipates of the proposed exhibition, and Washington people will do well to take advantage of the treat which it will afford.

OFF WITH THE OLD LOVE.

And Tomorrow Mr. Olney Will Be on with the New.

Attorney General Olney was busy all day yesterday at the Department of Justice arranging his private papers and preparing for their transfer to the State Department. There was no formal breakfast-taking although most of the subordinates of the department called during the day to tender their regrets and wish him success at the head of the diplomatic branch of the government.

His duties as Attorney General ceased last night. His last official act in his old office was to sign the commissions of Benjamin F. Bergin, of San Francisco, appointed special assistant of the district attorney for Northern California to take charge of the litigation in the Red Wood timber land entries, and Chauncey Wood, of Rapid City, S. D., as assistant to the district attorney of that State in timber cases.

Mr. Olney will be sworn in as Secretary of State at the State Department tomorrow morning, probably by Chief Justice Fuller.

Democrats and Populists Unite. Raleigh, N. C., June 8.—The meeting held here in the interest of bimetallic and to select delegates to the Memphis bimetallic convention is causing something of a political sensation. It is the first time Democrats and Populists have shown any signs of co-operation in North Carolina.

HOURS WERE CLEVELAND

Civil Service Commissioners Discussed Printing Office Matter.

NO DOUBT OF THE EXTENSION

It is Confidently Expected That the President's Order Will Be Issued Within Ten Days—Further Conference to Be Held Monday—Other Branches Under Consideration.

Civil Service Commissioners Proctor, Rice and Harlow spent three hours at the White House yesterday in consultation with President Cleveland as to the details of putting the Government Printing Office under civil service rules. There is now no doubt that the change will be made. It has the endorsement of all the labor organizations connected with the office, including the Typographical, Bookbinders and Pressmen's unions, which have expressed themselves strongly in favor of the new order of things.

It will now require but two moves to put the thousands of employees of this great bureau as completely beyond the reach of the spoilsman as the best protected branch of the service.

PLACED BEYOND REACH. A civil service-advocate said last night: "It will take but a few more months of President Cleveland's administration at this rate to put the whole Government clear beyond the reach of the office-broker politicians. The Congressmen will be free from all such pressure and can attend to his legitimate business."

The first move will be the formal executive order extending civil service rules to all branches of the printing office; the second will be the classification of the employees affected. It was to this latter subject that yesterday's discussion with the President was directed.

It is not easy matters to form the printers, binders, pressmen, etc., into classes according to the grade of their services.

INVOLVED IN DIFFICULTY. Furthermore, the preparation of examinations will be involved in considerable difficulties. The printers, proof readers, binders and pressmen can be provided with a practical, combined with a theoretical, test of their capability, but the moderns of press rolls, makers of book edges and cutters, etc., will present some difficult problems.

Yet even more troublesome questions have arisen and have been successfully answered in connection with the many yards and other branches of the service. The commission will hold a further conference with the President this week, probably to-morrow, and it is confidently expected that his order applying the rules to the printing office will be issued within ten days.

RECEIVER APPOINTED.

President of the Commercial Investment Company Does Not Object.

Mr. James F. Hood was yesterday appointed receiver of the Commercial Investment Company, of Washington. The action was upon suit of William Mulhearn. The bill filed shows the company's authorized stock to be \$100,000 of \$100 shares each. The individual depositors number about two hundred and the deposits aggregate nearly \$6,000. The company has not sufficient cash to pay its depositors or to continue business, and numerous checks were likely to be protested for non-payment.

The company has assets, mainly promissory notes, not immediately convertible into cash. The nominal value of these is \$15,000. William Mayne, as president of the company, answered that the facts as stated by the bill were true and assented to the appointment of the receiver.

Mr. Hood is to give \$20,000 bond and is authorized to employ such clerical help as may be needed.

SUSPICIOUS TOO LATE.

Mr. Stonebraker Taken in by a Bogus Check Operator.

What appears to be a clever swindle was perpetrated yesterday afternoon upon Mr. D. K. Stonebraker, agent of the Wilcox Sewing Machine Company, at No. 1209 Pennsylvania avenue northwest. A stranger I might build and dark complexion, who gave him the name as George Stevens, entered the agency and after examining several sewing machines agreed to purchase one. He asked that it be delivered at No. 1710 Superior street northwest and gave Mr. Stonebraker a check for \$20 from which to take \$18.

The check was indorsed with the name of Mr. C. C. Adams, of the Postal Telegraph Company, and appeared to be all right. It was accepted and the stranger got \$2 in change. After his departure Mr. Stonebraker became suspicious, and sent the check to the bank to see if it was correct. The bank promptly pronounced the signature a forgery.

The police were then notified to look out for and arrest the so-called Stevens.

FILIBUSTERS FOR CUBA. Three Hundred Heavily Armed Men Left Key West Wednesday.

Key West, June 8.—The report of a filibustering expedition leaving here Wednesday night is confirmed. It left on the British schooner Mary Jane, and was turned to Cuba by the tugboat George W. Childs, which was in waiting for her about 300 heavily armed men went from here, including Generals Roloff and Ruchter, and about 200 from Tampa, which latter the schooner already had aboard when she put in here. The tug Childs was purchased by the Cubans and has a small cannon aboard for defense.

ANNIVERSARY SALES!

"GOLD-WEEK"

Have just closed Silver-Week, which has been the most successful week since I have been in business. I now announce the second week of the Anniversary Sales. This will be Gold-Week, and every article of gold—14k., 18k., and 22k. fine only—will be sold at a

DISCOUNT OF 15% OFF MARKED PRICES.

As I have already explained, these sales—"Silver-week," "Gold-week," "Diamond-week" and "Unannounced-week," are to commemorate the close of my first year in business--The discount of 15 per cent. is an honest one, actually taken off the regular marked prices, which are as low, and in many cases lower, than those quoted by any jeweler in this city. I have always made it a policy to sell my gold and silver ware and diamonds at a small profit, and this plan, a new departure in the jewelry trade, has established my reputation and built up my business, in spite of the older houses, who have prestige and an established trade.

EVERYTHING OF FINE GOLD!

Wedding Presents, Birthday Presents, Presentations, all at 15 Per Cent.

Gold Watches,
14K and 18K Cases,
The Finest Movements Made.
Gold Heavy Chains,

3 Pair Studs and Links,
Gold Garter Buckles,
Gold Baby Sets,
Gold Brooches, Miniature Brooches,
Sunbursts, Stars, Wreaths, Etc.

Everything that's Elegant and Rare in Gold.

I wish to say a few words in regard to auction sales and illegitimate sales that are springing up since I announced my anniversary sale. This sale is not of that nature. An inspection--see for yourself--will convince you of this fact.

YACHT GITAHA MISSING.

Fears Entertained That It Went Down During Thursday's Gale.

Owego, N. Y., June 8.—Grave fears are entertained for the safety of the steam yacht Gita, owned by ex-Senator George H. Sloan, which left here on Thursday morning and has not yet been heard from. On board the yacht were Capt. Blackburn, Engineer Sprague, of Henderson, and a man named Doudney, of Owego.

She was bound for the Thousand Islands. Mr. Sloan's son, who was at the island, chartered a boat and came up the river to Cape Vincent, then over to Stony Island, but found no trace of the yacht. It is feared that she went down during Thursday's fierce gale, or is lying disabled at some isolated place.

Forty-two Drowned. Mountain Floods Play Sad havoc in a Hungarian Watering Place.

Odenburg, June 8.—It is now known that forty-two persons perished in the flood at Kobersdorf and at least thirty persons are missing. Kobersdorf is a Hungarian watering place near here, and the floods, a result of mountain frosts, were so sudden that in many instances all avenues of escape were cut off.

There is great distress among the peasants in the flooded district. Telegraph wires, roads and bridges have been swept away in many cases and the flooded districts are extremely difficult of access.

GUARANTEE MONEY UP.

Corbett and Fitzsimmons Have Come to Time as Promised.

New York, June 8.—Mr. Dan Stewart, of Dallas, Texas, when seen at the Dempsey benefit in Madison Square Garden to-night, said:

"The guarantee money for the appearance of Corbett and Fitzsimmons in the ring at Dallas, next October, was posted this evening, and this removes all possible doubts of the fight's coming off. I will probably go back to Texas to-morrow or Monday, and am more than satisfied with the success I have had in securing the big event for the syndicate I represent."

NEW TRIALS GRANTED.

Judge Cole yesterday granted new trials in three cases where verdicts had been rendered against the Washington and Georgetown Railroad Company.

William B. Lowry had recovered a judgment for \$3,000 for injuries to his wife, Ida; Frank C. Adams, \$5,000 for injuries to himself, and J. W. Brooke, \$2,000 for an accident to Mrs. Brooke. The reason for setting aside the verdicts was in each case because the result was contrary to the weight of evidence.

The Times has just received another immense consignment of the standard premium books, any one of which is offered, with The Times for one month, at Thirty-five cents.

Those who have sent in subscriptions and have not received their books will now be served as soon as possible. BOYS WILL BE ARRESTED

Policemen to Keep Them Out of the Division After Dark.

He Was Found Walking the Streets in the Disreputable Quarter.

Locked Up and His Parents Notified to Get Him Out This Morning.

Another Result of The Times Attack.

Since the vigorous attack by The Times some weeks ago succeeded in putting an end to the criminal practice of sending little messenger boys to answer calls from disreputable houses in the "Division," the police in that section have been active, and new phases of the reform are cropping up all the time.

What is known as the "Division beat" is patrolled by four policemen—Messrs. Williams, Boyce, Edmundo, and Flaherty.

Last night Boyce and Williams arrested James W. Walker, a boy about eighteen years old, who was found in that locality, and looked him up at the station-house.

A charge of suspicion was placed against him, and his parents were notified to send for him this morning.

The policemen have announced their intention of serving all minors caught in the "Division" in the same way in the future. Previous to the crusade against minors of all sorts visiting that locality, many of The Times' dozens of young boys could be seen every night parading up and down, and engaging in petty annoyances.

Very frequently parents went to telephone house on Twelfth street and complained that their boy had gotten into the habit of visiting that locality, and requested the lieutenant to instruct his men to watch out for and arrest them. Sometimes this has been done, and it generally resulted in a cure.

It is thought by the policemen that the first arrest last night, and their intention to follow it up with as many others as are caught there, will have a wholesome effect on young would-be sports.
